Executive Summary

The Department of General Services (“Department” or “DGS”) is issuing this Request for Proposals (“RFP”) to engage a contractor to provide construction services related to the replacement of exterior windows at Amidon-Bowen Elementary School located at 401 I Street, SW, Washington, DC 20024. The work required, as is more fully described in this RFP, generally includes the removal of the existing windows and installation of new windows in accordance with the drawings and specifications attached hereto as **Attachment A** (the “Drawings and Specifications”) no later than January 31, 2014 (the “Project”).

It is contemplated that this work will occur during the fall/winter of the 2013-2014 school year. The Contractor will be required to coordinate its work with the Department and the school principal. In general, however, the Department anticipates that the work will be performed on a rolling basis with one to two classrooms being made available to the Contractor at a time while school is in session. The Contractor will have access to the interior and exterior of the classrooms during normal working hours (i.e. 7 am to 7 pm). The Contractor will be responsible for erecting safety barricades as necessary to ensure that the student population is separated from the work areas.

A.1. Project Delivery Method

The Contractor’s work will be divided into two phases: (i) the Preconstruction Phase; and (ii) the Construction Phase. During the Preconstruction Phase, the Contractor will be required to field measure the window openings and order appropriately sized windows to fit the existing window bays. During the Construction Phase, the Contractor will be required to remove the existing windows and install the new windows into the window openings, providing all labor, materials, supervision and other services as may be necessary to complete the Project.

A.2 Form of Contract

The Form of Contract will be issued by addendum to this RFP. Offerors should carefully review the Form of Contract when submitting their proposal. To the extent there are any inconsistencies between this RFP and the Form of Contract, the Form of Contract shall prevail. Offerors are further advised that they are required to submit their proposal premised upon entering into a contract that is substantially similar to the Form of Contract and that any proposed changes to the Form of Contract must be clearly identified and described in their proposal. A proposal that fails to specifically identify and describe the requested changes shall be deemed non-responsive.

A.3 Contractor’s Compensation

The Department intends to obtain lump sum bids for this work. The lump sum bid by the Offeror should include sufficient funding to cover all of the costs necessary to fully complete the Project, including, but not limited to, labor, materials, trade subcontractor costs, general conditions, insurance and bonding, home office overhead and profit. The lump sum should also

include sufficient funding to fund items that are not specifically identified on the Drawing and Specifications as well as the performance specifications but which are reasonably inferable from therefrom. Offerors will be required to submit with their proposal an Offer Letter in substantially the form of **Attachment B** on the Offeror's letterhead setting forth its lump sum bid as well as a schedule of unit rates.

A.4 Economic Inclusion

The Department requires that Local, Small and Disadvantaged Business Enterprises ("LSDBEs") participate in this project to the greatest extent possible. The Department anticipates that the windows will be manufactured outside of the District of Columbia. At least thirty five percent (35%) of the installation work must be performed by businesses that are certified as Small or Disadvantaged by the District of Columbia Department of Small and Local Business Development.

Pass through entities will not count toward this goal. In order to count toward this goal, the Small or Disadvantaged Business Enterprise must perform at least fifty one percent (51%) of the work that is being counted toward the goal with its own forces. Further, to the extent that the Small or Disadvantaged Business Enterprise subcontracts a portion of its work, the Small or Disadvantaged Business Enterprise must ensure that thirty five percent of the work it subcontracts is awarded to business enterprises that are certified as small or disadvantaged.

The Department will also require that the selected contractor and all of its subconsultants, subcontractors, and suppliers, enter into a First Source Employment Agreement with the Department of Employment Services and hire fifty-one percent (51%) District residents for all new jobs created on the project. Please see **Part C** of this RFP for additional information.

In the event there is a discrepancy between the Performance Criteria and the Drawings and Specifications, the Contractor shall be required to comply with the more expensive requirement.

B.1.1 Performance Criteria. The Contractor shall be required to install the required windows in a workman like and professional manner. In performing this work, the Contractor shall be required to field measure the window openings and order custom sized windows. The windows shall be sized in such a way so as that: (i) no window shall have a tolerance of more than 1.5 inches in either the horizontal or vertical dimension between the size of the window frame and the size of the rough window opening; and (ii) there shall not be a gap of more than one half (½) of an inch between the edge of any side of the window frame and the corresponding edge of the window opening. All of the windows shall be appropriately caulked and sealed so as to be weather tight. Appropriate trim and molding shall be applied around the edges of the window on both the interior and exterior faces.

- .2** Contractor shall provide submittals in the form of product data, specifications, shop drawings, etc, for approval by the Department prior to obtaining the windows and doors for installation.
- .3** Once the Department has approved all such submittals, the Contractor shall obtain the windows and doors.

B.2.2 Construction Phase

During the Construction Phase, the selected constructor shall carry out such activities as are necessary to complete the construction described in the approved documents and submittals. It is contemplated that this work will be done during the summer and fall on a rolling basis with classrooms being made available to the Contractor one or two at a time while school is in session. The price quoted by the Contractor in response to this RFP should include sufficient funding to accommodate this rolling delivery process. Among other things, the Contractor shall be responsible for providing all of the necessary supervision, labor and materials to fully complete the work which shall include, but is not necessarily limited to the following:

Att'n: Mr. Brian J. Hanlon
Director

Reference: Request for Proposals
Window Replacement at Amidon-Bowen Elementary School

On behalf of [INSERT NAME OF BIDDER] (the "Offeror"), I am pleased to submit this proposal in response to the Department of General Services' (the "Department" or "DGS") Request for Proposals (the "RFP") to provide Window Replacement at Amidon-Bowen Elementary School. The Offeror has reviewed the RFP and the attachments thereto, any addenda thereto, and the proposed Form of Contract (collectively, the "Bid Documents") and has conducted such due diligence and analysis as the Offeror, in its sole judgment, has deemed necessary in order to submit its Proposal in response to the RFP. The Offeror's proposal, the Lump Sum Contract Price (as defined in paragraph A), and the Unit Rates (as defined in paragraph B) are based on the Bid Documents as issued and assume no material alteration of the terms of the Bid Documents. (Collectively, the proposal, the Lump Sum Contract Price and the Unit Rates are referred to as the "Offeror's Bid".)

The Offeror's Bid is as follows:

A. The Lump Sum Contract Price is: \$_____

The Offerors proposal is based on installation of the following type of windows:

Manufacturer:_____ Model(s):_____

The Offeror acknowledges and understands that the Lump Sum Contract Price is a firm, fixed price to fully complete the work shown on the drawings and specifications and that such amount includes funding for work which is not shown on the drawings and specifications but which is reasonably inferable therefrom.

B. The Unit Rates are: \$see attached schedule

The Offeror acknowledges and understands that rates provided on the attached schedule are unit rates for the items indicated thereon.

- C. In addition, the Offeror hereby represents that, based on its current rating with its surety, the indicated cost of a payment and performance bond is [INSERT PERCENTAGE].

The Offeror's Bid is based on and subject to the following conditions:

1. The Offeror agrees to hold its proposal open for a period of at least sixty (60) days after the date of the bid.
2. Assuming the Offeror is selected by the Department and subject only to the changes requested in paragraph 5, the Offeror agrees to enter into a contract with the Department on the terms and conditions described in the Bid Documents within ten (10) days of the notice of the award.
3. Both the Offeror and the undersigned represent and warrant that the undersigned has the full legal authority to submit this bid form and bind the Offeror to the terms of the Offeror's Bid. The Offeror further represents and warrants that no further action or approval must be obtained by the Offeror in order to authorize the terms of the Offeror's Bid.
4. The Offeror and its principal team members hereby represent and warrant that they have not: (i) colluded with any other group or person that is submitting a proposal in response to the RFP in order to fix or set prices; (ii) acted in such a manner so as to discourage any other group or person from submitting a proposal in response to the RFP; or (iii) otherwise engaged in conduct that would violate applicable anti-trust law.
5. The Offeror's proposal is subject to the following requested changes to the Form of Contract: [INSERT REQUESTED CHANGES. OFFERORS ARE ADVISED THAT THE CHANGES SO IDENTIFIED SHOULD BE SPECIFIC SO AS TO PERMIT THE DEPARTMENT TO EVALUATE THE IMPACT OF THE REQUESTED CHANGES IN ITS REVIEW PROCESS. GENERIC STATEMENTS, SUCH AS "A MUTUALLY ACCEPTABLE CONTRACT" ARE NOT ACCEPTABLE. OFFERORS ARE FURTHER ADVISED THAT THE DEPARTMENT WILL CONSIDER THE REQUESTED CHANGES AS PART OF THE EVALUATION PROCESS.]
6. The Offeror hereby certifies that neither it nor any of its team members have entered into any agreement (written or oral) that would prohibit any contractor, subcontractor or subconsultant that is certified by the District of Columbia Office of Department of Small and Local Business Enterprises as a Local, Small, Resident Owned or Disadvantaged Business Enterprise (collectively, "LSDBE Certified Companies") from participating in the work if another company is awarded the contract.
7. This bid form and the Offeror's Bid are being submitted on behalf of [INSERT FULL LEGAL NAME, TYPE OF ORGANIZATION, AND STATE OF FORMATION FOR THE OFFEROR].

Sincerely,

Mr. Brian J. Hanlon

Unlisted classifications needed for work not included within
the scope of the classifications listed may be added after
award only as provided in the labor standards contract clauses
(29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification
and wage rates that have been found to be prevailing for the
cited type(s) of construction in the area covered by the wage
determination. The classifications are listed in alphabetical
order of "identifiers" that indicate whether the particular
rate is union or non-union.

Union Identifiers

An identifier enclosed in dotted lines beginning with
characters other than "SU" denotes that the union
classification and rate have found to be prevailing for that
classification. Example: PLUM0198-005 07/01/2011. The first
four letters , PLUM, indicate the international union and the
four-digit number, 0198, that follows indicates the local union
number or district council number where applicable , i.e.,
Plumbers Local 0198. The next number, 005 in the example, is
an internal number used in processing the wage determination.
The date, 07/01/2011, following these characters is the
effective date of the most current negotiated rate/collective
bargaining agreement which would be July 1, 2011 in the above
example.

Union prevailing wage rates will be updated to reflect any
changes in the collective bargaining agreements governing the
rates.

0000/9999: weighted union wage rates will be published annually
each January.

Non-Union Identifiers

Classifications listed under an "SU" identifier were derived
from survey data by computing average rates and are not union
rates; however, the data used in computing these rates may
include both union and non-union data. Example: SULA2004-007
5/13/2010. SU indicates the rates are not union majority rates,
LA indicates the State of Louisiana; 2004 is the year of the
survey; and 007 is an internal number used in producing the
wage determination. A 1993 or later date, 5/13/2010, indicates
the classifications and rates under that identifier were issued
as a General Wage Determination on that date.

Survey wage rates will remain in effect and will not change until a new survey is conducted.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

Certification Letter for Cashier's Check or Irrevocable Letter of Credit

Offerors who submit a cashier's check or an irrevocable letter of credit ("Alternate Bid Security") in lieu of a bid bond must also submit this certification, properly notarized, with their proposal. By executing this document, Offeror acknowledges that, if awarded this contract, Offeror shall be required to post promptly a payment and performance bond equal to the full value of the contract. In the event Offeror fails to post such payment and performance bond, the Offeror understands and agrees that: (i) the Department shall draw upon the Alternate Bid Security as liquidated damages; (ii) the award and/or contract shall be terminated; (iii) for a period of two (2) years thereafter, the Department will not accept from such Offeror Alternate Bid Security in lieu of a bid bond; and (iv) the Offeror hereby waives the right to protest the termination of any such award or contract. The Offeror further acknowledges and agrees that the damages the Department would experience in the event such award or contract are terminated due to the Offeror's failure to post a payment and performance bond are difficult to determine and that the value of the Alternate Bid Security represents a reasonable estimate of the damages the Department would incur.
